The CMA Hospitals and Institutions sub-committee guidelines

10/18/2008
These Hospitals and Institutions Committee guidelines are suggested as an outline to form your local Hospitals and Institutions Committee. These are suggested by CMA World Services Hospitals and Institutions.

**Purpose:**
The primary purpose of this Hospitals and Institutions Committee is to carry the CMA message of recovery to individuals who are confined, restricted or otherwise unable to attend a 12 step meeting. It is the purpose of this Committee to ensure that this is done while adhering to the rules and regulations of the individual facilities.

The secondary purpose is to serve and unify the meetings of CMA Hospitals and Institutions.

To achieve these purposes, Hospitals and Institutions hereby establish a service committee (hereinafter the “Committee”). The Committee will do this by:
- Providing CMA World approved literature to the facilities and meeting participants
- Providing a means of celebrating various lengths of recovery to those attending meetings.
- Acting in part to carry the message of recovery as determined by the group as a whole

**The Twelve Traditions**

The Twelve Traditions of Crystal Meth Anonymous shall be incorporated and be part of these guidelines.

1. Our common welfare should come first; personal recovery depends on CMA unity.
2. For our group purpose there is but one ultimate authority—a loving God as He may express Himself in our group conscious. Our leaders are but trusted servants; they do not govern.
3. The only requirement for membership is the desire to stop using.
4. Each group shall be autonomous, except in matters affecting other groups or CMA as a whole.
5. Each Group has but one primary purpose – to carry the message to the addict who still suffers.
6. A CMA group ought never endorse, finance or lend the CMA name to any related facility or outside enterprise, lest problems of money, property, or prestige divert us from our primary purpose.
7. Every CMA group ought to be fully self-supporting, declining outside contributions.
8. CMA should remain forever nonprofessional, but our service centers may employee special workers.
9. CMA, as such, ought never be organized but we may create service boards or committees directly responsible to those they serve.
10. CMA has no opinion on outside issues; hence, the CMA name ought never be brought into public controversy.
11. Our public relations policy is based on attraction rather than promotion; we need always maintain personal anonymity at the level of press, radio, and films.
12. Anonymity is the spiritual foundation of all our traditions, ever reminding us to place principals before personalities.
